The main goals of the S.T.E.M. Club are to:

- Facilitate and enhance students’ understanding of S.T.E.M.
- Promote students’ active involvement and participation in co-curricular S.T.E.M.-based activities
- Attract, recruit and retain more students in the S.T.E.M. fields
- Help form a S.T.E.M. community on campus
- Strengthen the links among the S.T.E.M. departments
- Build relationships with the local and regional industry and research institutions
- Assist in improving the teaching and learning of S.T.E.M. on campus

The club, formerly known as the Science & Math Club, was established in fall 2000. It encourages students’ active participation and leadership role in the Club’s activities in all S.T.E.M. fields and disciplines, such as Biology, Chemistry, Computer Science, Engineering, Geography, Geology, Mathematics, Nursing, Physics, Astronomy, Medicine, Pharmacy, etc.

Meetings: The Club meets at noon on Wednesdays in room 228.

Club Officers – Spring 2012:
President: Scott Zinky
Vice-President: Theodore Tracy
Secretary: Leah Uecker
Treasurer: Daniel Paegelow

Faculty Advisor: Dr. Mohamed Ayoub

Club Activities include:

- S.T.E.M. Club Seminars
- National Chemistry Week Celebration (October 16-22, 2011)
- International Year of Chemistry (2011)
- National Engineers Week Celebration (February 19-25, 2012)
- Mathematics Awareness Month Celebration (April 2012)
- Earth Week Celebration (April 22-28, 2012)
- Field Trips
- Student S.T.E.M. Poster Exhibits and Displays
- Student Oral Presentations
- Collection Drives to support the needs of the local community
- Scientific Demonstrations at Discovery World Museum, Milwaukee, WI
- Internship Program
- Great American Clean Up
- Tree Planting
- Recycling

All S.T.E.M. Club Seminars and Events are Open to the Public. Free Admission.
University of Wisconsin-Washington County
S.T.E.M. Club Events Spring 2012

Wednesday February 8, 2012, 12:00 noon, room 228: S.T.E.M. Club Seminar
Title: Current Plant Diseases
Speaker: Dr. Brian Hudelson, Director, Plant Disease Diagnostics Clinic, Dept. of Plant Pathology, UW-Madison

Celebrating National Engineers Week, February 19-25, 2012

Wednesday February 22, 2012, 12:00 noon, room 228: S.T.E.M. Club Seminar
Title: “Development of a Video Game Recruitment Tool for the MSOE Industrial Engineering Program”
Speaker: Dr. Charlene A. Yauch, P.E., Associate Professor and Program Director, Industrial Engineering Program, Milwaukee School of Engineering, Milwaukee

Wednesday March 14, 2012, 12:00 noon, room 228: S.T.E.M. Club Seminar
Title: “Science and Media”
Speaker: Dr. Dominique Brossard, Associate Professor, Life Sciences Communication, UW-Madison

Wednesday March 28, 2012, 12:00 noon, room 228: S.T.E.M. Club Seminar
Title: “Odd Pie Fights”
Speaker: Dr. John Koker, Professor and Dean, College of Letters and Science, Department of Mathematics, UW-Oshkosh

Celebrating National Mathematics Awareness Month, April 2012

Wednesday April 11, 2012, 12:00 noon, room 228: S.T.E.M. Club Seminar
Title: “Chaos and Fractal Forms: Irregularity in Nature”
Speaker: Dr. Anastasios Tsonis, Distinguished Professor, Department of Mathematics, UW-Milwaukee

Celebrating Earth Week, April 22-27, 2012
Theme: “Recycling”

Thursday April 26, 2012, 12:00 noon, room 228: S.T.E.M. Club Seminar
Title: “Recycling – Going Beyond the Bin”
Speaker: Mr. Joseph Van Rossum, Recycling Specialist and Director, UW-Extension Solid & Hazardous Waste Education Center, UW-Madison
